

Coaching Educators Virtually - A Comparison of Popular Tools

Features	High Level Feature Description	TORSH Talent is your one-stop online platform to support teachers and leaders, either in the classroom or when engaged in remote instruction.	Zoom provides secure video communication services for hybrid classrooms, office hours, administrative meetings, and more.
Session Recording	Initiate and record live video conferencing sessions. Save recordings to Zoom or TORSH Talent via Zoom API. Automatically share recordings with participants.	✓	✓
LMS Integration	Integrate seamlessly with LTI-compliant LMS platforms such as Canvas, Blackboard, and Sakai.	✓	✓
Activity Reporting	Track user activity to gain insight into participation and engagement.	✓	✓
Data Aggregation & Performance Reporting	Capture a wide array of interaction and performance metrics derived from feedback, assessments, and observations - view data in a variety of reports to understand educator growth and progress.	✓	✗
Unstructured Feedback & Reflection	Observe, collaborate, and deliver evidence-based feedback. Identify moments in videos with time-synced comments, allowing educators to learn from specific events.	✓	✗
Rubric-Based Feedback & Assessment	Conduct formal & informal assessments with customized digital rubrics. Educators can self-assess or receive observations from coaches and mentors.	✓	✗
Unlimited Cloud Storage	Store unlimited artifacts (videos, documents, audio, images, and more) and have 24/7 access to resources and artifacts.	✓	✗
Lessons, Tutorials, & Custom Workflows	Use our built-in authoring tool to deploy and track online learning with simple enrollment, assignment, modification, monitoring, and reporting.	✓	✗
Central Coaching Hub	Track, organize, and manage professional development for all of your educators in one central place, regardless of varied locations or competency levels.	✓	✗
360° Coaching	Expand beyond traditional top-down coaching with our collaborative coaching tools, which allow all users to provide support and feedback to each other, regardless of role-type.	✓	✗
Exemplar Library	Create a unique collection of videos, audio, documents, or presentations that can be highlighted and replicated throughout your organization or network.	✓	✗
Community	Support your community and keep users connected with TORSH Talent's straightforward, user-friendly forums and groups.	✓	✗
API Integrations	Integrate TORSH Talent with other software platforms, using our APIs to facilitate data extraction, harmonious user management, and single-sign-on capabilities.	✓	✗
Platform Customization	Customize your TORSH Talent system with features aligned with your use case, and branding specific to your organization.	✓	✗
